Other old business – we had a show at the Wood and will be invited back. No date yet.

New Business:

The format of the meeting has been changes. If there is no program, there will be no meeting. We won't be having a covered dish each month, only occasionally. We will take turns bringing desert.

Kathy Adams will serve as a resource person for artists for future programs.

We can't use the library Milne Room for meetings after tonight until January because of library renovation so we will be meeting other places.

We are hosting a program at the Granite Museum "The Creation of an Icon" on October 2 on the statue that sits atop to Statehouse. We need to bring lots of cookies.

The Paletteer's historical scrapbooks will be digitized. Some of them need updated first.

On November 6 we will meet at the Downstreet Housing apartment complex community room. Refreshments to be decided later.

On December 1 we will meet for our Annual Holiday Party at the Cornerstone. Jan Avery Volunteered to organize it.

Program:

The guest speaker was Bev Shevis who talked about her enameling process and explained how she gets her beautiful colors and designs in her art.

After desert and beverages, the meeting was adjourned around 7:30 PM.

The Paletteers hosted an Open House at the Granite Museum on October 2 from 6:30-8:00. We toured all the exhibits and we were able to watch the carving process of Chris Miller from Calais who was carving the 14-foot-high figure of Circi in mahogany for the top of the statehouse.
